# About Us

---

Group of Lions is a leading name in India's Solid Waste Management, Sanitation, Manpower, and Security Services sectors. With over two decades of proven expertise, we are trusted partners to municipal bodies and private clients across the nation, offering end-to-end solutions that drive urban cleanliness, operational efficiency, and public safety.

Founded in 2002 by Mr. Randhir Singh, a distinguished veteran of the Indian Navy, the company began as a security service provider. Over the years, it has evolved into a diversified infrastructure services organization with a strong foothold in the Municipal Solid Waste (MSW) industry, recognized for its consistent quality and commitment to innovation.

We specialize in the collection and transportation of solid waste, manual and mechanized sweeping, drain cleaning, user charge collection, and Information, Education & Communication (IEC) activities. Our operational excellence spans across 15+ municipal projects and 30+ facility management clients, with a pan-India presence supported by a robust workforce of over 15000 personnel.

At Group of Lions, technology is at the heart of our operations. All key functions are digitally integrated to ensure transparency, traceability, and real-time monitoring. In fact, we are proud to be India's first company to introduce AI-based digital sweeping coverage, transforming traditional sanitation practices into intelligent, data-driven systems.

With a legacy built on discipline, precision, and public service, Group of Lions continues to drive progress by blending manpower strength with cutting-edge technology — working every day toward a cleaner, safer, and more sustainable World.

# Our Projects Details

---

## 1. Municipal Corporation Lucknow

Our company has successfully secured a 10-year integrated solid waste management contract (extendable by another 5 years) with Lucknow Municipal Corporation (LMC). The scope of work under this project involves the door-to-door collection of segregated municipal solid waste (MSW) from households, commercial, and institutional units, along with its secondary transportation to designated processing facilities. It also includes manual and mechanized road and street sweeping, cleaning of drains (up to 1 meter in width), transportation of collected silt, collection and disposal of horticultural and domestic hazardous waste, and user fee collection, Information, Education and Communication activities.

Under this project, our operations will serve over 2.5 lakh households, cover a sweeping length of approximately 5,100 km, and drain cleaning across 7,000 km. Additionally, we are responsible for the construction, operation, and maintenance of 15 Portable Compactor Transfer Stations (PCTS), 2 Fixed Compactor Transfer Station (FCTS), and 7 Material Recovery Facilities (MRFs). A dedicated workforce of over 7,000 manpower is deployed to ensure uninterrupted service delivery across all operational components. The project also includes setting up a centralized command and control center for real-time monitoring and establishing a fully equipped vehicle maintenance workshop.

## 2. Municipal Corporation Prayagraj

Our company has successfully secured a 3 year solid waste management contract (extendable by another 2 years) with Municipal Corporation Prayagraj, for waste management services across 22 municipal wards. The project scope includes door-to-door collection of segregated municipal solid waste (MSW) from households and commercial establishments, followed by its transportation to designated wet waste composting facilities, Material Recovery Facilities (MRFs), and centralized processing plants.

In addition to primary and secondary waste collection, the project covers maintenance of transfer stations handed over by PMC, user charge collection, redressal of public grievances, and implementation of robust Information, Education and Communication (IEC) programs. Under this project over 80000 households are being served.

### **3. Nagar Palika Parisad Loni (Ghaziabad)**

Our company is currently executing an integrated solid waste management project with Nagar Palika Parishad Loni, focusing on comprehensive sanitation and waste handling services. The scope of work includes door-to-door collection of segregated municipal solid waste (MSW), road sweeping, drain cleaning, primary and secondary transportation of waste, operation of Material Recovery Facilities (MRFs), Waste Composting, and Information, Education & Communication (IEC) activities.

The project services approximately 1.8 lakh households, spans a sweeping length of over 2,000 km, and covers a drain network of 3,000 km. Our responsibilities also include managing MRF operations and ensuring environmentally sound composting of organic waste.

### **4. Municipal Corporation Purnea, Bihar**

Our company has successfully secured a 2-year contract (extendable up to 1 year) with the Municipal Corporation Purnea for integrated sanitation and solid waste management services. The scope of work under this project includes door-to-door collection and disposal of municipal solid waste, manual sweeping of, cleaning of drains. As part of the project, the company is responsible for serving over 80,000 households across all designated wards.

### **5. IIT BHU, Varanasi**

Our company is engaged in delivering integrated solid waste management and housekeeping services at IIT (BHU), Varanasi. The scope of work includes door-to-door collection of solid waste, road and street sweeping, drain cleaning, transportation, segregation of municipal solid waste generated within the campus. In addition to waste management operations, our scope also covers complete housekeeping of institutional premises, ensuring high standards of cleanliness, hygiene, and upkeep across academic buildings, hostels, administrative blocks, and common areas.

### **6. Municipal Corporation Varanasi**

Working in Nagar Nigam Varanasi by providing 1500 Manpower for Road/Street Sweeping & Drain Cleaning.

### **7. Municipal Corporation Ayodhya**

Working in Nagar Nigam Ayodhya by providing 1500 Manpower for Road Street Sweeping & Drain Cleaning.

## **8. Municipal Corporation Motihari**

Working in Nagar Nigam Motihari by providing over 300 Manpower for Road/Street Sweeping & Drain Cleaning.

## **9. Municipal Corporation Kanpur**

Working in Nagar Nigam Kanpur for Road/Street Sweeping & Drain Cleaning.

## **10. Nagar Palika Parisad ,Raebareli**

Working in Nagar Palika Parisad, Raebareli for Road/Street Sweeping & Drain Cleaning.

## **11. Nagar Parisad Ballia**

Working in Nagar Parisad Ballia for Road/Street Sweeping & Drain Cleaning.

## **12. Bihar State Higher Education Council**

Providing all type of housekeeping services to primary, Middle and High School.

## **13. Bihar Medical Services & Infrastructure Corporation Limited (BMSICL)**

Providing all type of manpower- unskilled, semi-skilled,skilled and highly skilled to the institution.

# Door to Door Collection & Transportation

- ✓ D2D Waste collected from all generators in designated areas.
- ✓ Vehicles equipped for segregated waste collection (including e-waste & hazardous waste).  
Geo-mapping & geo-fencing of waste generators.
- ✓ GPS-enabled vehicles monitored from the control room.
- ✓ Wet waste → Processing plant
- ✓ Dry waste → MRF.

# Mechanized and Manual Sweeping

- ✔ Workers equipped with brooms, trays, boots, gloves, shovels, and uniforms.
- ✔ Monitoring via GEO fencing & IT system.
- ✔ Collect waste in container carts.
- ✔ Clean drains along with sweeping.
- ✔ Carry and dispose of drain cleanings.
- ✔ Deposit waste in designated containers.
- ✔ Clean container stations in the beat area.

# Mechanised and Manual Drain Cleaning

# Transfer Station Construction and Operation

## IOT Based Monitoring

# Information, Education & Communication (IEC) Activities

# Our Process

---

At Group of Lions, our waste management process is a seamless blend of efficiency, technology, and environmental responsibility. Here's how we ensure clean and sustainable urban ecosystem.

## Collection at Source

---

Waste is collected directly from households, commercial units, and institutions using electric vehicles and trained personnel

## Segregation & Awareness

---

We promote and implement segregation of wet, dry, sanitary, and hazardous waste at the source

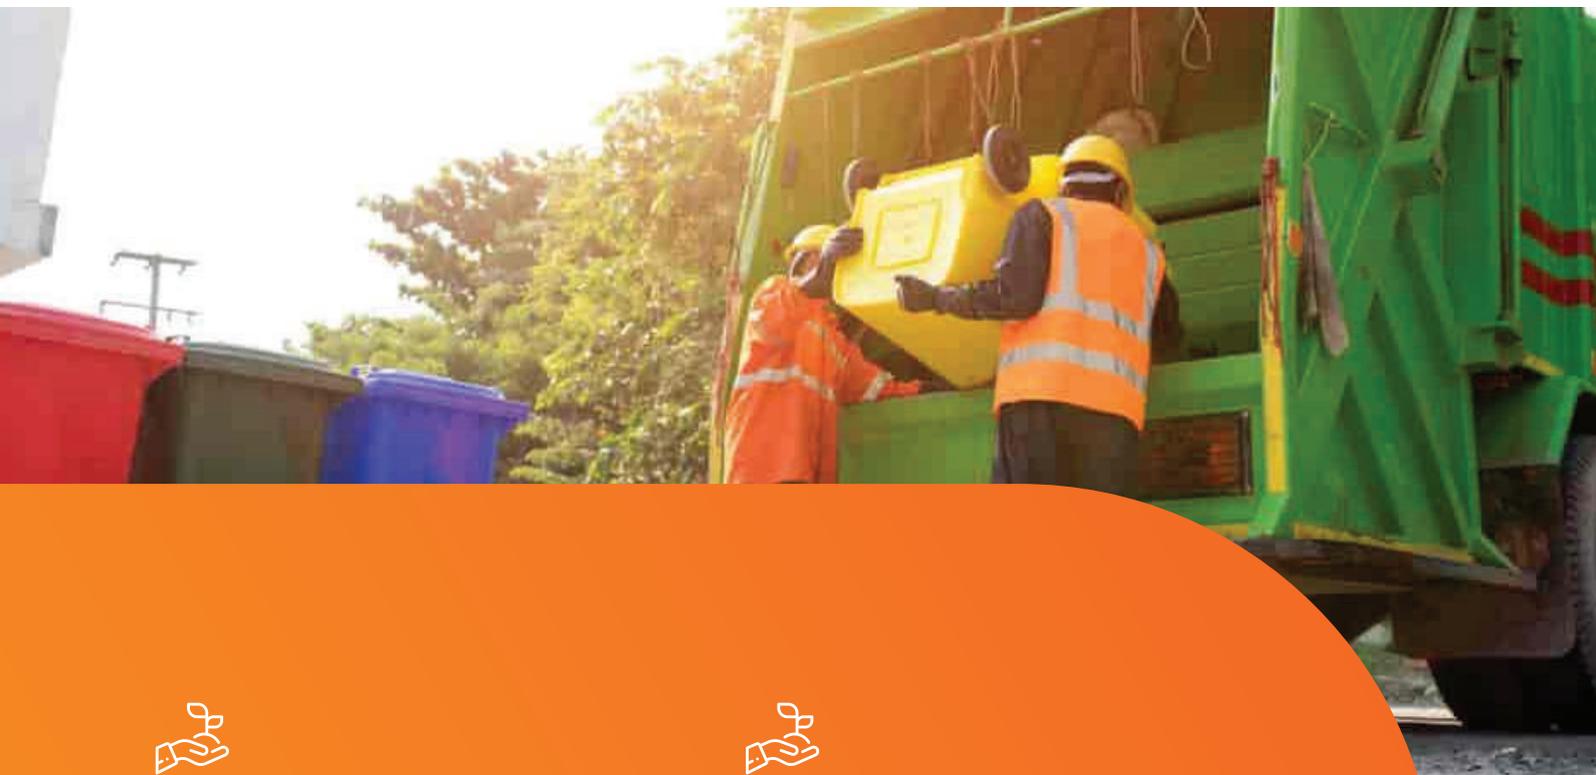

## Smart Transportation

---

GPS-enabled vehicles transport the segregated waste to designated transfer stations or processing units

We offer a full spectrum of waste management services that ensure cleaner, greener, and healthier urban environments. Our operations are built on precision planning, smart technology, and eco-conscious practices, enabling us to handle waste responsibly from collection to final disposal.

## Sorting & Recovery

---

Dry waste is sorted and processed at Material Recovery Facilities (MRFs), where recyclable materials are extracted and sent to recyclers

## Eco-Friendly Disposal

---

Non-recyclable, sanitary, and hazardous waste is scientifically disposed of in compliance with pollution control norms

# Our Technology & Equipment

---

We leverage modern technology and advanced equipment to enhance efficiency, accuracy, and environmental compliance in all our operations. From smart tracking to automated waste processing, our tools are designed for performance and sustainability.

- ✔ **Smart monitoring & GPS-enabled systems**
- ✔ **Automated waste collection & segregation units**
- ✔ **Eco-friendly, low-emission machinery**
- ✔ **Real-time data analytics for operational efficiency**

# Security & Manpower Services

We provide reliable and well-trained security and manpower solutions tailored to meet the needs of residential, commercial, and industrial clients. Our focus is on safety, discipline, and efficiency, ensuring peace of mind and smooth operations for our clients.

**SECURITY SERVICES**

**MANPOWER SERVICES**

**We specialize in staffing armed and unarmed security guards, event security, corporate protection, and emergency response.**

# Security Services

We offer comprehensive security solutions designed to protect people, property, and assets. Our security personnel are professionally trained, well-equipped, and committed to maintaining safety and order across all types of environments.

- ✓ **Static Security Guards (Residential, Commercial, Industrial)**
- ✓ **Fire Safety and Emergency Response Personnel**
- ✓ **Security Audits and Risk Assessments**
- ✓ **Access Control and Visitor Management**
- ✓ **Patrolling and Quick Response Teams**
- ✓ **Executive/VIP Protection Services**
- ✓ **CCTV Monitoring and Surveillance**
- ✓ **Armed and Unarmed Guards**
- ✓ **Event Security anagement**

# Manpower Services

---

We offer end-to-end manpower solutions to meet the diverse workforce needs of our clients, ensuring productivity and operational efficiency. Our services include:

**Provision of Unskilled, Semi-skilled, and Skilled Manpower** ✓

**Housekeeping and Facility Maintenance Staff** ✓

**Plumbers, Electricians, and Maintenance Technicians** ✓

**Technical and Mechanical Workforce** ✓

**Administrative and Clerical Support** ✓

**Loaders, Helpers, and Utility Workers** ✓

**Drivers and Machine Operators** ✓

**Front Office and Support Staff** ✓
